PROVIDENCE DIRECTORY.

N. B. In order to avoid needless repetitions, the word street is omitted in the direction—it will, however, be understood, that 10 Water means 10 Water *street*, and the numbers of the houses are given on all such streets as are numbered. Persons unacquainted in the City, in looking for numbers will observe that the *odd* numbers are all on one side, and the *even* numbers all on the other, on all streets except those running by the water side.

☞ Where two directions are given, the first is the place of *business*, the last the place of *residence*.
